## Review

Winner of the Baltic Assembly Prize in Literature, 2011: <http://www.baltasam.org/?DocID=928> 'Kasekamp has produced a detailed but readable synthesis of the most current literature, which all scholars venturing into the field should consult as a point of departure. An educated general reading public - with some familiarity with European history - should also find this book of value, as an introduction to a strategically important region with a complex history. As a textbook, it supersedes most others, though its meticulous style and content makes it more suitable for advanced undergraduates and beyond.' - The English Historical Review 'Kasekamp's book is an innovative, comprehensive and balanced treatment of the history of all three Baltic States. Starting from the earliest times and taking the narrative up to the present day, it shows how developments in Latvia, Lithuania and Estonia both diverge and intertwine. There is no better book to introduce the student to the fascinating story of the Baltic region.' - Professor James White, University of Glasgow, UK 'Required reading for all persons interested in Estonian, Latvian or Lithuanian history. Kasekamp's command of the scholarly literature is unsurpassed.' - Guntis Smidchens, Assistant Professor of Baltic Studies, University of Washington, USA 'A History of the Baltic States is an excellent publication opening the history of the eastern Baltics to the English-speaking audience. It is concise, well-written, and made with professionalism and competence.' - ERR News 'Andres Kasekamp's graceful history of Latvia, Lithuania and Estonia is an excellent guide to the history of the three Baltic States.' - Russiaprofile.org '...an excellent up-to-date summary of the main issues and the accompanying secondary literature that will be an invaluable resource for teaching...The book can be highly recommended as an accessible historical introduction for anyone wishing to visit the region.' - David J. Smith, University of Glasgow, Europe-Asia Studies Read an interview with the author [here](#)

Estonia, Latvia and Lithuania experienced a sequence of foreign regimes, including Nazism and communism, before recovering their independence and joining the European Union. Clearly and accessibly written, this book is one of the first to provide a general overview of their histories from the stone age to the present using a comparative approach.

This is the overview book you need.

By Edrick

This book is a rare find. It gives a comprehensive--but not sketchy--history of the Baltic States from their inception as territories of other powers through to their independence. I was impressed by how quickly I read through it without having to continuously look back to see what I'd forgotten. Each chapter leads logically from the previous. NO CONFUSION!! How's that for a find?

Anyone who wants to add the Baltic Region to their knowledge of history (medieval through modern) needs this book.

16 of 16 people found the following review helpful.

Best History of the Baltic States I Have Read

By Scott C Ramey

This was the best history of the Baltic States I have ever read. The author does an amazing job of covering the history of the Baltics in detail while still making it interesting. If you are looking for a great history of the Baltic States then this is the book for you.

9 of 9 people found the following review helpful.

A great book to begin a Baltic journey

By Raimonds

Despite being under-200-pages, this is a rather thorough book to read before embarking on a larger journey either through a history of one of the Baltic states or any given historical era of the Baltic region. The author doesn't linger too long over the Iron Age and prehistoric societies, but goes almost straight to illustrate the Northern Crusades. Every chapter begins with a short summary. Thus, the book is easily navigable if, for example, you wish to focus more on the history of Polish-Lithuanian Commonwealth, rather than the time of the three Baltic states under Soviet rule. By the middle of the book you will have reached the wars of Baltic independence fought at the beginning of the 20th century. Hence, one could say that modern history of the Baltic region here is covered more extensively, than other historical time periods.

If one day travelling through the Baltic states you cross Latvian-Lithuanian border, then take a note that you cross the line, which in 1290 roughly corresponded a military frontline between pagans and Christians. The author has made a good effort to show that the Baltic region has never been quite homogenous and divergences in historical perspective of all three countries are obvious. The list of the sources for further reading at the end of the book is extensive, whichever of the countries and events you would prefer to explore any deeper.
