Review

"The only other book I recall reading like this was "The Alchemist". I found myself literally jumping through each page in anticipation of what was next. The honesty, vulnerability, wisdom and 'keep it real moments' made this book one that I could relate to in many ways and one of my top reads to date" ---L Springer "Very real and inspiring. Thank you for the courage to share your story! I got goosebumps at certain parts as I thought I was reading about my journey." ---S James "If I could describe this book in one word it would be EMPOWERING! I know as women so many of us share the same struggles. We often feel isolated in our hardships but don't realize our situations and feelings aren't unique. We won't be the first and we won't be the last. The best defence we have against the inevitable is the teachings and advice of the women who have already gone through it. This is why Makini's book was so meaningful to me. She'd been there, she'd done that...and she RECOVERED!" ---D Clarke

A successful business owner for 25 years and author of Earn it and Enjoy It, Linda Proctor has transformed the notion of the ideal career into a reality. Her road to wealth began in Atlanta, Georgia where she worked in the financial department of an international organization. That's when Linda took her first courageous step, taking the position of an insurance agent on straight commission. While the first four years were a struggle, persistence paid off and Linda made a major breakthrough, taking her annual income from \$25,000 to half a million following a Bob Proctor Seminar. From this experience, Linda learned: - that just a small change in behavior can create amazing results. In 1980, she relocated to Toronto and began her own financial planning company. From the moment she opened the doors to her new company, Linda found success. She also found the more successful the company became, the less time she had to spend with her husband and family. Despite the success, Linda was unhappy and dissatisfied with her new found lifestyle. She sold the business and put her imagination to work, dreaming up the perfect work situation. This dream led to Linda joining a network marketing company where she made her way to the top ranks in record time and earned millions. Now Linda's sharing the secrets that led to her success, giving others the opportunity to overcome obstacles and achieve any goal.

A WALK IN MY STILETTOS: HOW TO GET THROUGH THE STRUGGLE WITH GRACE BY MAKINI SMITH PDF

As human beings, we look to outside sources to validate our own thoughts and experiences. This general notion is called “social proof.” When we see that others have been through similar experiences and have been where we have, it allows us to feel better about ourselves. When we see other people overcome their fears, face adversity, and then finally taste triumph, we affirm ourselves and say, “If they can do it, then I’m sure I can too!”

Almost two decades ago, a young woman named Makini Smith decided that she was not going to become another statistic. Through dedication, perseverance, and the will of a higher power, she has pushed past many obstacles on the journey we call life. After a series of life-changing events transformed Makini forever, she now focuses on sharing her story to inspire others to carry on. Turning every lesson into a blessing, she acquired the key to understanding that faith, courage, compassion, and connections are the tools to living your best life.

She now shares her wisdom and insights in a transparent story of overcoming adversity to achieving triumph. This tale will strike an emotional chord and has the power to change your life. She is proof that being an optimist, mastering the power of having a positive mindset that focuses on strength, and sharing experiences can heal you and help others at the same time.

In “A Walk in My Stilettos,” Makini shares how she conquered the challenges of

- Being a teen mother
- Divorce
- Traumatic loss

- Becoming an entrepreneur
- Single motherhood and
- Much, much more.

Makini aspires to show you how the right mindset can turn anyone from being the victim to a victor, turn obstacles into opportunities, and attract the life you truly deserve. The power is within YOU!

Motivational and Realness at its BEST!!!

By Jeffrey

There are tons of motivational books on the market, but sometimes it is hard to relate to the message that the book is trying to get across. I have read many motivational books from all the greats like Napoleon Hill, Stephen R. Covey, Bob Proctor, Deepak Chopra and the list goes on and on, but now we have Makini Smith. A Walk In My Stilettos is one of the most honest and raw books I have been exposed to. As a male you would think you may not be able to relate to the messages that she fills her book with, but it is the complete opposite. As a man it made me want to step my game up not only as a human, but as a man as well. I would love to go in detail...but you have to take this book in to understand what I mean by that.

Do yourself a big favor and add this book to your collection...not as a one time read, but as a classic reference that you can always go back to for the rest of your life. This book will take you through a roller coaster of emotions that will honestly have you wonder how much can the human spirit take in one lifetime! Joy, pain, life, death, wealth, struggle, laughter, tears, friendships, family, relationships, religion...it just the tip of the iceberg of what you get with A Walk In My Stilettos that covers all these topics and then some!

Each chapter gives you a personal story that will take you on a vivid journey accompanied by learning experiences and solutions that can apply to all of us. Often you read books that just have great advice, but it is not believable because you don't know whether the author truly experienced what they are talking about...not with this book! Makini gives it to you with no holds barred. When you are done reading you will feel like you can do anything you put your mind to because MAKINI says so...do yourself a BIG favor and add A Walk In My Stilettos to your private library!

Thanks for sharing your story Makini...

Never Complacent

By julius ossom

This book gives insight about how to handle most situations in life and it is practical. It's straight to the point, no chasers. I like the fact that she kept pressing on inspite of all the challenges. It's worth it.
