ANOTHER P.O.G. STORY: MEMOIR OF A MARINE MOTOR-TRANSPORT RESERVIST DURING OPERATION IRAQI FREEDOM BY MATTHEW NELSON PDF

Not everybody that joins the military gets sent to war as an elite sniper/force-recon/professional killer. Only a small percentage of the military are truly on foot patrols, fighting the good fight. Believe it or not, every combat deployment does not have to be a scene from a Hollywood action thriller movie or a first-person shooter video game. For some troops, that was exactly the heroic position they played during war, and they should be honored and respected as such. But, like so many others who also played their position honorably and contributed to the same cause...That is NOT our story. Another P.O.G. (Person Other than Grunt {pronounced like the word "rogue"}) story is a true account about an average Las Vegas teenager, experiencing the 9-11-2001 terrorist attacks, then joining the United States Marine Corps reserve as motor-transport, deploy twice with a Combat Logistics Battalion in support of Operation Iraqi Freedom, and finally getting out and transitioning back to civilian life. This book is neither recommended nor suitable for those who may be easily offended by potent language, practices and encounters. The intent of this story is to illuminate some unpopular dynamics of Americas war-machine and how it affects men and women who proudly wear that uniform differently.

This tale includes: Two powerful extended drill-weekends (Deployments to Iraq) , strategic intoxication, numerous "Oh Shit" moments, crew serve weapons, military trucks, etc, etc.

If you care about America and the honorable people who serve in its military (especially the USMC), then you need to read this memoir. Buy it and come take a ride with me.

I served with this Devil Dude not only in the same platoon in 2007, but for all six years of his enlistment at the same reserve unit in Las Vegas. I have yet to come across a more detailed, honest description of how we feel when returning home, the disappointment when trying to apply for a job you were trained by the government to do and being rejected, and the addiction of needing to be deployed again. I am still a member of Uncle Sam's Misguided Children and am currently on a deployment because I had the "itch". Thank you Matt for putting what feels like "our" story on paper.

The power of this story to relate to non-military people like me is profound

By Rohan Gogol

I'm not one to read military memoirs. I used to think I had nothing in common with reservists, active-duty servicemen, officers, non-coms, etc. I was always anti-war, and that was about it. This book is told with honesty and directness. It isn't ideological, or biased, or trying to be anything but an accurate account of one brave man's journey through life -- his life just so happening to include two tours in Iraq. 'Another P.O.G. Story' offers lucid insights into the real lives of our military personnel, a segment of society that is drastically underserved and misunderstood. The power of this story to relate to non-military people like me is profound. It's a quick read and it is well written. Check it out.

By Roy Nelson

As a retired Army Officer (active duty), I was struck by the way in which this Marine Motor-T Reservist presented such an honest & heartfelt account of his desert experience. Frankly speaking, I thought it would be another boring read from another unhappy reservist who didn't think he should be there...boy was I ever wrong! The insight & introspect presented were outstanding; and although I didn't have the opportunity to serve in this theater of operation, his description of events & activities made me feel like I was there. This short read will captivate you and make you want more...I truly enjoyed it!!
