Krider vs. Mackie, the final battle.

By ChickJ

I have read Scott Nicholson After series. I really like this series, spinoff?. It shows how different people react to such a strange situation. It isn't a rehash, same old thing but a refreshing twist here. This time the results are different. I like seeing how people react to the same situation. Now on to Radiophodia, the third book in S.N. Next series.

You lost me

By Dawn

This series lost me with the third and final book. It started out missing the character Dean with no explanation of what happened to him. Then when the mutant baby appeared, all was lost for me. I had hope for a good final read after the first two. I was disappointed.
