By Daisy Laminnie

This book saved me. it actually gave tips for preparing for the exam. Definitions and real estate terms are included to help me pass the state exam. I was kind of disappointed when I found out that it didn't come with the practice disc. It also included a math review which is very helpful. It shows in detail, how to solve the equations. Two practice exams is included. It consist of the questions and the answers to them. After Studying this book for about two weeks. I was comfortable with the California State Exam.

By Michael Bolger

This book is shockingly counter-productive in my opinion. I'd already studied under a California approved

school and thought this would be an excellent enhancement with my test date approaching Not well written or worded and actually ends up confusing more than helping. Into the recycling bin, it goes.
