# COLOUR OF MY HEART BY KAVITA COMAR PDF

"Love doesn't warn you when it hits. It's like a drug. You're on an awesome high; but when you try to wean yourself off, knowing that in the long run you'll be better off without it, you start to get withdrawal symptoms. So you go back for more, hoping it'll make you feel the same way it did when you first experienced it. Christian was my drug; he was my addiction."

Anushka Lamba, a strong minded British Indian woman wants to shape her destiny as director of her own life. Except, she constantly battles with her inner self and her loving but traditional Hindu parents, who believe she is too 'westernised' and not 'Indian' enough.

When Anu arrives at university, half way across the country, to study a degree that's far from her parents choice and their wavering eye - she's exposed to freedom and independence in abundance. She embarks on a secret relationship with fellow student Chris, whom she desperately wants to introduce and welcome into her family. Her dilemmas and decisions take her on a roller coaster ride - a tangled web of culture, identity, betrayal, confusion, love, hatred and heartache - in ways she could never have imagined.

Is Anu strong enough to face the obstacles that stand in her way or will she give up midway and live a lesser life, leaving things to the mercy of destiny?

Colour of my Heart takes the reader on a warm-hearted and emotional journey from Anu's present, deep into her past, as she strives to assert her own happiness and discover her own identity - without losing touch with her proud Indian roots and her parents aspirations.

An absolute must read .....

By Jo Corry

An absolute riveting read ....I could not put this book down ....It had me gripped right from the start which is unusual for me ! It's about the divide between love and culture which is something as a westerner I know nothing about as my decisions are something I take for granted . . I can only urge you to buy this book and see for yourself . It was both sad , happy and an eye opener ....easy and compelling reading . I was actually sad to finish it and eagerly await book number two by Kavita Comar. ....

One of the greatest books I've read

By Amazon Customer

One of the greatest books I've read. Anu was so easy to relate to from the start. Many times I had my own

flashbacks of growing up in my Indian parents' home. I love how confident Anu is with taking control of her life. This whole book felt like a long story told from your best friend- the exciting good times, bad times, stressful times, and resolutions! Highly recommended!!

Loved it!!!!

By G. Sethi

Being a girl from traditional Indian family myself, I felt so close to the character of Anu at times . Every time I took a break , my mind kept wondering what will happen next in Anu's life as if it was my own :-) a great read . Would definitely recommend to read
