## Review

"On the flip side of the mess that is typically self publishing, we occasionally encounter a shining star like CubeKid. I am rarely impressed by any of the KindleUnlimited books I read to Ben at night, self published or not, never mind works published at the speed at which s/he puts them out. Cubekid is a bonafide author, spinning authentic and enthralling stories with witty dialogue that is the most enjoyable work to read out loud I have encountered in the past year (maybe ever, to be honest... there is such a smooth flow to reading these books out loud that I look forward to our bedtime reading time, and I have a hard time putting my kindle down when my son starts yawning and is clearly ready to go to sleep. \*I\* want to know what happens next!)." -- Keri (source: [amazon.com/review/RK5325ULHDLMP](https://www.amazon.com/review/RK5325ULHDLMP))

THESE ARE THE REAL BOOKS BY CUBE KID! DIARY OF AN 8-BIT WARRIOR: FROM SEEDS TO SWORDS WAS ORIGINALLY PUBLISHED AS WIMPY VILLAGER KINDLES 5-8.

Pet slimes. A potion brew-off. A creepy forest that no one will explain. What's a twelve-year-old warrior-in-training to do?

As Runt and his friends continue their battle preparation, they face their biggest challenges yet—and it's not just those zombies decked out in body armor (which is really weird, by the way). Runt's got a brand new nemesis who will stop at nothing to claim the top spot in the warrior competition at school. And, to make matters worse, there's a strange girl following him around wherever he goes. But old enemies will become new allies as the town rallies to save the school from a series of mysterious mob attacks. Can Runt and his friends take down the biggest, baddest boss mob yet?

The adventures continue in this second installment of the unofficial Minecraft diary series by Cube Kid.

Great Reading for a 10 year old Minecraft fan!

This book is one of the series "Diary of an 8 bit warrior". This is the only set of Minecraft books that my 10 year old son has found to be worth the purchase price. He really enjoyed this book and has read it multiple times

Awesome book for kids who love Minecraft

By Amy Rivas

My 8 year old absolutely loved this book. He's a minecraft junkie and I'm all for pushing him to read more than just play video games. He read the entire book in about 2 days and begged me to order the rest in the series. If you want to give a gift to a child this is the perfect idea to encourage reading and keep them entertained.
