He makes the everyday positively magical!

By EvieMags

I've followed the author/artist on Instagram since the beginning of the year, so I was excited for the release of this book. My copy arrived today and I ADORE it! It completely captures the imagination of a sweet, simple moment. I won't spoil the ending, but I love it, too. So many well-thought out touches in the drawings, color pallet, and in the design of the book itself. I don't have any children of my own, but I like to collect storybooks with beautiful art and joyful themes. I'm delighted to add this to my collection!

A boy's day of adventures. Any book that can say so much without words it worth five stars!

By Sunshine on a Rainy Day

SUMMARY: In this WORDLESS book: A boy's father helps him to make a boat out of newspaper. The boy goes outside to enjoy the day with his boat. A sudden downpour allows for even more fun. The boy plays in the large puddles. Unfortunately, there was quite a bit of rain and the boat gets away from him and falls down a storm drain. The boy chases after the boat. When he finally catches up to it, it is a ruined mess. He goes home sad. His dad hugs him and takes care of him, making him feel better. Then together, they make a new newspaper creation and the boy's adventures begin anew.

ILLUSTRATIONS: The extra star I give this book is for the illustrations. They are created digitally and are primarily in black, white, gray, and yellow. But the author/illustrator has an incredible way of showing action and emotion through his simple details that are incredible. He uses color sparingly, but to excellent effect.

REVIEW: I loved this book first for the illustrations. But I also enjoyed the emotion of it. First, the boy's excitement of his adventure. Then, the sadness of a ruined adventure. Next, the love and care his father shows him and the way his father makes him feel better. Finally, the exhilaration and hope of a new

adventure. All of this was done without words! I just about felt like weeping when the father was taking care of his sad son. Any book that can say so much without words is worth five stars!

An Ultimately Buoyant Tale

By L. M. Keefer

In this book with no words, the illustrations tell the story of a young boy taking his paper boat out to float in some puddles. Suddenly, the boy feels a raindrop and the adventure begins. The boat goes merrily on its own with the boy in pursuit until disaster occurs. How the day is rescued, with the help of the boy's father, is a sweet story, full of hope and buoyancy.

Children will enjoy the drama in this story and the happy ending. Of course, they will want you to help them make a paper boat to float, so be prepared. The illustrations in primarily gray, white and yellow star in this story. The author-illustrator is talented in capturing and portraying the delight and poignancy in this story. Children should enjoy snuggling up with a grown-up to look at, and discuss, this story. Perfect for a rainy day!
