great content - but poorly scanned

By Sue Cagley

The content of this book helps the reader see the scope of Church history through the lives of key leaders. Originally published at the turn of the 19th into the 20th century, the author presents excellent settings for each person's work. Unfortunately the book was poorly scanned, leading to some challenges for the reader to jump footnotes in the middle of a page or interpret characters for missing letters. I'd give the content 5 stars, but the scanning only 1 star.
