GUIDE TO INVESTING IN GOLD & SILVER: PROTECT YOUR FINANCIAL FUTURE BY MICHAEL MALONEY PDF

The highly anticipated 2nd edition of the best-selling gold and silver investing book of the century. Completely revised, with over 100 entirely new pages of content.

"Throughout the ages, many things have been used as currency: livestock, grains, spices, shells, beads, and now paper. But only two things have ever been money: gold and silver. When paper money becomes too abundant, and thus loses its value, man always turns back to precious metals. During these times there is always an enormous wealth transfer, and it is within your power to transfer that wealth away from you or toward you." - Michael Maloney, precious metals investment expert and historian; founder and principal, GoldSilver.com.

Guide to Investing in Gold & Silver tells readers:

- The essential history of economic cycles that make gold and silver the ultimate monetary standard.
- How the U.S. government is driving inflation by diluting our money supply and weakening our purchasing power
- Why precious metals are one of the most profitable, easiest, and safest investments you can make
- Where, when, and how to invest your money and realize maximum returns, no matter what the economy's state
- Essential advice on avoiding the middleman and taking control of your financial destiny by making your investments directly.

The best book on gold and silver investing by a long shot - UPDATED

By Dan Dan

I've read every book there is on gold and silver and this is the best by a country mile. If you are new to this topic, this book may change your life. Not only will you learn everything you need to know about HOW to invest in gold and silver, you'll also learn WHY. If the buffoonery of our politicians and Wall St have left you scratching your head and wondering what the hell is going on, Maloney's insights into monetary history will make things crystal clear. History repeats, but with a little twist each time. It's wonderfully written, and the recent updates are a great addition to what has become the gold and silver bible. Can't recommend this highly enough, get yourself a copy now.

must read book for you financial future

By Aden

Amazing read. I found it very entertaining. Mike's relaxed storytelling style of writing makes some of the more tedious/complicated financial facts interesting and enlightening. Will recommend to all my friends and family. The information on these pages are worth their weight in gold. Pun intended

Expert advice for the lay person

By Brian Keith Weidert

Mr. Maloney condenses years worth of research and study into a book for the lay person. I highly recommend it. I also highly recommend his You Tube channel. It was because of Mr. Maloney's work that I bought both gold and silver.
