We will give the suggested book [How Harry Cast His Spell: The Meaning Behind The Mania For J. K. Rowling's Bestselling Books By John Granger](#) link that can be downloaded directly. So, it will certainly not need even more times or even days to posture it as well as other books.

HOW HARRY CAST HIS SPELL: THE MEANING BEHIND THE MANIA FOR J. K. ROWLING'S BESTSELLING BOOKS BY JOHN GRANGER PDF

More than any other book of the last fifty years (and perhaps ever), the Harry Potter novels have captured the imagination of children and adults around the world. Yet no one has ever been able to unlock the secret of Harry's wild popularity . . . until now. Updated and expanded since its original publication as *Looking for God in Harry Potter* (and now containing final conclusions based on the entire series), *How Harry Cast His Spell* explains why the books meet our longing to experience the truths of life, love, and death; help us better understand life and our role in the universe; and encourage us to discover and develop our own gifts and abilities.

Literary analysis at its finest

By D. R. Folkerts

Reading this book was like stepping back into one of my college english classes... not only did I find it extremely enjoyable reading, but I found myself alternating between nodding my head and slapping myself on the head (figuratively--"duh, of course, why didn't I see that before?!"). I strongly recommend this book for any Harry Potter fan plus any parent who is concerned about letting their children read the books. I'm in my 40s and have read the (HP) books myself 4 times each and enjoyed them thoroughly each and every reading!

straight forward analysis of Harry Potter

By B. C. Pollard

I have read many of John Granger's books and am completely enamored with *The Deathly Hallows Lectures*. I did not think that I would that this book supplant it as my favorite of Granger's writing, but it might be. Where the Lectures are a strong academic analysis after the completion of series, this book is written in a more straight forward manner and is the book that I will recommend to my friends and family who are more casual fans of the series. It should be noted that this is the third edition of the book previously titled *Looking for God in Harry Potter*, so if you think Christians are trying to force their world view into the Harry Potter series, then this isn't the book for you. Although you don't have to be a Christian to enjoy this book. J.K.

Rowling has called the Christian symbolism in the books, "obvious," and she's writing in a tradition of British literature that is very Christian. Rowling is writing about her faith and you don't have to be religious to see how the final book in the series is a story to symbolize her personal faith and the struggle that ensues to even have faith. John Granger successfully synthesizes this and much more into this book to show how "a children's story" has become the most popular epic book in the last hundred years. I recommend this book to anyone who wants to see the mechanics of why the Harry Potter series entralls millions of people worldwide.

A Christian Scholar's Interpretation of the Harry Potter series

By Fricka

This book presents two sections in which John Granger gives his interpretation of the elements that make J.K Rowling's Harry Potter books such compelling reading. The first ten chapters are connected to elements that are contained in Rowling's books that make them both enjoyable yet seriously themed. My personal favorites from the first section were Chapter 4, which deals with Alchemy and connects the process to spiritual growth, Chapter 9, which examines the symbols used in Harry Potter, and Chapter 10, "Fun with Names," which examines the meaning behind many of the character's names in the series.(Granger's take on the dual meanings of Neville Longbottom are almost worth the price of the book alone!) Chapters 11 through 19 deal with the individual Harry Potter books, and here Granger examines the books with a Christian viewpoint that addresses the major themes found in the series of books. Any reader of the Harry Potter books will find enlightenment in this book, but it is especially apt for Christian readers of the series who have had to deal with bias from other Christians who have negative views of the books.
