Jake Billings is usually cool under pressure, but when two stick-up kids rob his record store, Jake opens fire on them, landing him in prison. Five days in, he receives an anonymous letter telling him that his days are numbered. But before he can find out who's behind the threats, Jake is stabbed and ends up in a coma.

When he wakes in a hospital bed two years later, things have changed: His prison sentence has been commuted, his girlfriend is fiercely independent, and his side piece has gotten out of the street life altogether. But one thing remains: Jake's enemy still wants him dead and is powerful enough to track him down no matter where he hides.

On the run, and with rumors circulating about a powerful, phantomlike gang called the 300 Crew, Jake will need to rely on his mantra: Trust no one - not the law, not his girl, not the street cats he helped out years ago, not even his own blood.

Styles P delivers on another level

By Jerome Waring

I have been following Styles P since the early days as a member of the L.O.X since the early days with the Bad Boy family. I knew that he has one of the best lyrics in the game, However; Invincible is one of his best work. Jake Billings is basically an urban legend. He takes on several enemies and have to deal with the devils of being locked up. This book has hood action in it since chapter one and until the end of the book. I am waiting for another book by Styles P soon. Stay up and good work.

Good read!

By DCH1030

As a Yonkers native and friend of Styles P., I had to show my support and order his first novel. This is an action-packed mystery that kept me on the edge of my seat! Read this book in 2 days(would've been 1, but hey, I have to work and sleep). Looking forward to the next one. Make sure you pick this up, you wont be disappointed!

Who Gone Stop, me?

By Amazon Customer

As you can see I haven't reviewed a book in over a year. None have excited me enough to sit still and actually think of something to say.

Jake Billings has no idea how he goes from being a low-key weed hustler opening his own store staying out the lime light to being a target for everyone he loves wanting him dead. Jake goes to jail for attempted murder and has no idea the hand he is about to be dealt. Instead of folding he holds his own.

Once he hits the county jail, he receives anonymous murder threats. So let the games begin, Jake decides to shut the tv down and give it to whomever in the jail want it but he is not and he repeats not going to be a sitting duck for no one!

One attempt after another on Jakes' life has not stopped his pursuit in the truth, they want war then its war its gone be is how Jake feels. Mr. Styles' made the character seem real, made you root for him thru out the entire story.

I highly recommend this book, the timeline was a little off is the only bad thing I can say about it. It has you actually rooting for Jake to come out of it no matter how much dirt he has to do to survive.
