## About the Author

It was 1988 when Mara first travelled abroad, spending a summer in Scandinavia with a side trip into the Soviet Union. The high-school summer exchange program would shape her life, as it inspired her to learn to speak Russian and to try to end the Cold War. As a student, she further broadened her horizons, circling the globe on a research fellowship from the Circumnavigators' Foundation. This trip took her from Belize to Budapest, from Senegal to Singapore, comparing the successes and failures of international development projects. Despite the draw of many foreign lands, she still found herself returning to the former Soviet Union time and time again. Before the Soviet collapse, she taught English in Kyiv, Ukraine, for a year; and during the most tumultuous transition years, she worked on a foreign aid project in Yekaterinburg, Russia. The pen-wielding traveller has since taken to seeing and saving the world by other means, writing guidebooks for Lonely Planet. Mara has also written for National Geographic Traveler, Executive Travel, the Boston Globe and the LA Times, amongst others. She is an on-line travel expert at [Triporati.com](http://Triporati.com) and [Tripsketch.com](http://Tripsketch.com). When not traipsing around the planet, she lives in a pink house in Somerville, Massachusetts.

Better than other 4 options for RoadTrips

By Rahul

I sat down and looked at 4 other options for Books on visiting Argentina. This one is great for those planning to road trip and visit other smaller cities. You can investigate all the smaller cities and look at other places to eat/sleep and visit. Pictures and recommended excursions are also indicated here. If you are traveling on tours or on a highend budget, then this book may not suit you. DK Eyewitness book may be better for those on tours, but both have great pictures and highlights. A map in the back on Buenos Aires is included.. almost a freebie! I would recommend this to anyone 18-50, who plans on freelance, unguided travel through Argentina. I cannot complain much about this book, other than the pages are really thin so be gentle with

those book.

Buy the paperback- I own both kindle and paperback

By Fresca123

I must say that this travel guide was incredibly helpful for my first trip to Argentina. The guide includes a map, helpful hints to plan your trip( which helped me maximize funds), great cultural background, and a survival guide to Argentina. Also, the 'do not miss' sections were incredibly valuable. I found other travelers who stayed for a longer period of time than I did, hadn't experienced nearly half of the do not miss sections I visited after reading this guide. Unfortunately, I was disappointed navigating through contents using the kindle edition, so within an hour of struggling with the kindle links, I had to order the paperback version. With that said, this is an incredible guide. I was lucky to travel with my husband, so we were able to read information at the same time. He just had to struggle with the kindle while I read the paperback. Hehe.

I have been buying lonely planet guides in paperback since then. I highly recommend the following LP guides:Ireland, Boston, Galapagos, Montreal, and Alaska.

Probably THE worst Lonely Planet I've EVER owned

By KYoung

So... you probably purchase Lonely Planets because in the past these travel books provide information about off-the-beaten-path trips and things to do. This book absolutely does not deliver what I expect from Lonely Planet. You can only find very basic information about towns in Argentina, tour operators, restaurants, and accommodation. NOTHING ELSE. Not even basic information about various treks - you need to purchase the LP Trekking in Patagonian Andes to find that. For my purposes (backpacking in Patagonia, traveling between Argentina and Chile), I would have been better served by purchasing the LP South America on a Shoestring (has nearly the same information as LP Argentina, with info on other countries) and LP Trekking in Patagonian Andes books.
