Perfect for those who are searching for a reason to live. It's on the Absolute side but I'm 89 years old and it "speaks to my condition!"

Well written

By spmd

I have gone through different phases of spiritual growth always searching for an understanding of God and why we are here. I believe there is much more to our life than matter and physics. This book hit me deeply and because of that, I ordered two more of his books. He is an excellent author who expresses his thoughts well.

Another excellent discourse from this spiritual guru

By Amazon Customer

I can't say enough about the spiritual integrity of this man. He LIVED what he preached and essentially proved that the only way you can reap the benefits of spirituality is to LIVE the principles thoroughly in your life. There are no shortcuts in this way of life and he expounds on the subject better than anyone else I've read. If you're serious about spirituality, you can't go wrong with anything by Joel Goldsmith.
