One More Rep

By Glenn A. Mumpower

"One more rep! Give me one more!" How many times have we heard that being yelled in the weight room? We know that to increase our strength, we must push ourselves beyond our comfort zone. This book will help the lifter learn how to break past plateaus.

0 of 0 people found the following review helpful.

Interesting read

By Gerarlop

This book is huge. It has so much information I haven't finished reading it; however, I feel that much of the information is not very deep. The book feels like it is a shallow insight into the world and routines of many different bodybuilders.
