# **ORACLE CERTIFIED PROFESSIONAL JAVA SE 8 PROGRAMMER EXAM 1Z0-809: A COMPREHENSIVE OCPJP 8 CERTIFICATION GUIDE BY S.G. GANESH, HARI KIRAN K PDF**

This book is a comprehensive, step-by-step and one-stop guide for the Java SE 8 Programmer II exam (IZO-809). Salient features of this book include: 100% coverage of the exam topics, a full-length mock exam, practice exam questions, exam notes and tips.

Oracle Certified Professional Java SE 8 Programmer II Guide (Exam IZO-809) is a comprehensive guide for the OCPJP 8 exam.

The book starts by answering frequently asked questions about the OCPJP 8 exam (Chapter 1). The book maps each exam topic into a chapter and covers 100% of the exam topics (next 12 Chapters). Exam topics are discussed using numerous programming and real-world examples. Each chapter ends with practice exam questions and a quick summary that revises key concepts covered in the chapter from exam perspective.

After reading the main chapters, you can take the full-length mock exam to ensure that you have enough practice before actually taking the exam (Chapter 14). If you are an OCPJP 8 exam aspirant, this book is certainly for you. This book assumes that you are already familiar with Java fundamentals (that is in line with the prerequisite of having a OCAJP 8 certification before you take up the OCPJP 8 exam).

This book will be a delectable read to you because of its simple language, example driven approach, easy-to-read style, and complete focus towards the exam. Salient Features • In-depth and 100% coverage of all 12 exam topics for the certification • Numerous illustrative programming and real-world examples • Hundreds of practice exam questions (including a full-length mock exam)

What you will learn: • Have the necessary knowledge to clear the exam since 100% of the exam topics are covered to the required depth • clearly understand the scope and objectives of the exam, the technical topics covered in the exam, and type and level-of-difficulty of the exam questions (in short, you will clearly know what's exactly required for passing the exam) • get into an "exam mindset" by trying out hundreds of practice exam questions.

Overall its a very useful book

By Amazon Customer

What I liked:

- 1) Small examples. Since I was able to download source code, I could try on my own
- 2) Exam tips sprinkled all around the book were useful when taking the exam
- 3) The day before the exam I went through the summary in each chapter and it helped answering some exam questions correctly

What could be better:

- 1) One more mock test would have helped

Good Quality Book

By kalaisankaran

I was looking out for quality sample questions to prepare for OCPJP 8 exam but also wanted to read about Java 8 features. So I bought this book and Java 8 features were explained in detail with amusing examples. Also the questions in each chapter of the book are of high quality and the mock exam is really good. A good read.

Good book with useful resources

By Raj

Good book. Since the source code is available for free download, trying out the programs along with reading helped in having better understanding of the concepts. I think ocpjava.wordpress.com is also maintained by authors, I find very useful resources there.
