Most helpful customer reviews

0 of 0 people found the following review helpful.

It is a very good all in one financial book

By Bruce F. Lester Jr.

It is a very good all in one financial book. As such, it does not delve deeply into each individual subject as well as an entire volume on each subject would, but it provides all the necessary information for 99% of the population to carry on their daily lives and live financially healthy. It is easy to read and understand, and if you're looking to learn about personal finance you will be hard pressed to find a better one volume piece.
