Learn How To Save Your Marriage BEFORE It Starts!!!

By Heaven Citizen

Saving Your Marriage Before It Starts (a.k.a. SYMBUS) is a self-guided pre-marital counseling course my fiancé and I took before we got engaged. We are not exaggerating when we say, "it is an indispensable resource that should be required before a couple enter married life." The authors (Les and Leslie Parrott) did a great job in teaching us the secrets to building a marriage that lasts. We have learned how to uncover the most important myths of marriage, how to communicate with instant understanding, discover the secret to reducing and resolving conflict, master the skills of money management, how to get our sex life to a great start (after marriage that is), understand the essential ingredients to lasting love, discover the importance of becoming soul mates, and much more.

The kit comes with a book, two companion workbooks (one for men and one for women), and a DVD. We have found the workbooks to be tremendous in helping us explore the issues and practice the skills presented in the book. The exercises and self-tests are lively, enlightening and effective in helping us apply what we have learned directly to our relationship. We loved the DVD for two reasons: It's full of entertaining and insightful teaching from the authors, and you'll meet real-life couples who provide incredible honesty and perspective.

So, do yourself and your loved one a big favor by making it a priority to go through this kit TOGETHER. Become one of the few couples who spend more time preparing for their marriage than they do for wedding by going through this comprehensive marriage preparation program. This kit will help you do just that. In the process, you'll build a marriage that will last a life time!

P.S. We also highly recommend H. Norman Wright's book, "Before you Say I do," which is a marriage preparation manual for couples. Read this book after you get engaged.

Great kit! Must have for married couples.

By Raycool

Love this kit! I just started session 1 and it already has help my marriage for the better! Thank God this material is very helpful in understanding my wife and she understanding me better. I highly recommended! many things you might know other things you might think it will not apply to me but you will find new ideas that will definitely help you. I never like writing and I am finding my self spending valuable time with my wife doing the exercises, having fun and understanding each other more. I believe is worth the investment. I found it here in amazon cheaper than in other places. GOD bless every marriage!

GET THIS for practical marriage helps!!

By msflnj

GET THIS IT'S GREAT! I was looking for some good "marriage helps" for my daughter & her fiancé. Got the Saving your marriage before it starts kit by Drs. L & L Parrott. This info was very helpful even to me & I've been married 33 years! ONE reviewer I read said she didn't like that there was not much Biblical content to it, while I appreciated that very aspect. I can find & have lots of Bible based teaching on purpose of marriage, agape love, motivation to have a good marriage, etc., (see Jimmy Evans marriage seminars & materials [...]) Practical helps on relating & working through the inevitable differences that arise once the "honeymoon phase is over" is what I wanted. Helpful marriage guidance & counseling as you go along BEFORE you get to the point you need professional counseling in order not to get a divorce.. While this Dr. couple has a Christian perspective they also have the Psychology/counseling training & experience from their own marriage & others they have counseled.

I later bought another set for another wedding gift & an extra workbook for a pastor friend to add to his

counseling materials.

PLEASE look at that kit. I cannot recommend it enough.
