In this full-color children's picture book, two young friends decide to be snow angels as they look to serve their friends and neighbors. With heavenly help, the two girls set off to sing Christmas carols to an elderly woman, help a neighbor boy earn money for a new sled, and offer to help sew a quilt for an orphanage. Children will learn two important lessons: first, we're never really alone when we're serving others, and, second, angels are closer than we may think. A cute story about service!

By Michael Yardley

Our world is filled with angels who reach out to help those in need. This is a great story to teach children about the value of serving others. It is also beautifully illustrated. I highly recommend this book to any one with kids young or old.

Lovely Book

By Amazon Customer

I got this book from the library and really enjoyed reading it with my children. It is a very touching story about finding joy in serving others. I loved that it showed the angels helping the girls in their service. The

book is beautifully illustrated. My children especially like all the different angels the girls made at the end. I loved the lessons taught in the book about giving service all through the year. This is a book I plan to buy for my own library!

This book is excellent! It's such a great way to teach young kids about kindness and serving others. We don't always have to do something major to make a difference. I read this book for the first time as an adult, but even then it made me really stop and think about what it means to be selfless and serve other people. These girls learned while they were serving other people that they could actually become closer, and they were able to reach out and help them in the process. I think we would all do well to try to be "snow angels" wherever we are, no matter the time of year.
