THE BELIAL WARRIOR (THE BELIAL SERIES BOOK 9) BY R.D. BRADY PDF

The world has learned the legend of Helen of Troy, but not her story.
Even the name by which she is known is not her true title.
She was Helen, Queen of Sparta.
And she was much more than a pretty face.

Delaney McPhearson has been made a public pariah. She barely escaped with her life from Colorado when law enforcement agents moved in. And she cannot take credit for that escape. No, that credit belongs to one man, Drake—Las Vegas entertainer, sabbatical taking archangel, and consummate egoist.

But Drake's help is not without strings. He has an agenda too. He knows for Laney to move forward, she must first delve into her past—she must remember her life as Helen of Troy.

History has never truly known Helen. For hundreds of years cults celebrated her, well before Homer immortalized her in The Iliad as a woman who turned her back on her family and kingdom for a handsome face. Yet as with many of history's greatest characters, the life of Helen of Troy is more than it seems.

Now it's finally time for the most maligned woman in history to tell her side of the story.

Another keeper from RD Brady

By Donald Buelmann

I haven't read one of Brady's books for awhile. I was spreading my attention to other authors and didn't notice that she had put out two new books. I started reading *The Belial Plan* and quickly realized I had missed a book. I quickly purchased *The Belial Warrior* and began reading.

This book follows *The Belial Search*. De Laney Macpherson has come to realize that her constant battle with evil has endangered the world. She decides to withdraw and go into hiding, but she is tracked down by Samyaza's evil ones and saved by Drake an Archangel who has helped Laney before.

Drake tells her that she needs to visit her past lives especially her past as Helen of Troy. This brings us into the events that led to the Trojan War. Brady spins a fascinating story woven around Homer's *Iliad*.

I love Brady's books, she always mixes the battle between good and evil with scraps of fact and fiction. I really love the fact that she tells about the research that went into her books.

Helen of Sparta lives!

By Muriel Falvey

I had read and loved all of the previous books in this series, so of course I had to get this one as well. However, I did not expect to enjoy it, as I thought it would be just another long, boring historical novel, which I don't particularly enjoy. Was I ever wrong! From the start, this book grabbed my attention and would not let go - literally. By the time I finished it, I slept for two days, just to catch up on all of the sleep I'd lost while reading the book in one go. Helen became real to me, and Drake? Well you really do need to read it for yourself. Do not skip this one because you don't care for historical fiction, because this is so much more than that!
