The Gretsch Book - A Must have for all Gretsch Guitar Fans!

By Gene N. Kaminsky

This text is a great resource for anyone interested in the history of one of America's most beloved electric guitars. If you're a player or just a guitar enthusiast this book will keep you happy for hours. Plus it's chock full of sweet pictures.

Great Gretsch book!

By Walter Danielak

For Gretsch enthusiasts, this book is a must. It is very concise (the actual text is 76 pages long and the remaining pages consist of interesting reference facts). However, the content is thorough and informative. The price disparity between vendors was a concern. I purchased mine in pristine shape for around \$30 and some offers for the same book went for \$200+! It is worth shopping around for the reasonable price of what I paid.

Own a piece of vintage Americana!
