“Inspired by the too-brief life of Korean poet-hero Yun Dong-Ju, whose surviving verses are hauntingly interspersed throughout, this work is a magnificent testimony to the profound efficacy of literature and the liberating, life-saving act of reading. If Lee’s stateside debut is any indication of the quality of his other titles, English-language audiences should demand accessibility to more, also made available under the auspices of accomplished translator Kim, one hopes. For literary fiction groupies, thriller seekers, history aficionados, war voyeurs, all, this exquisite, electrifying discovery awaits.” (Library Journal (starred review))

“Lee’s U.S. debut is a breathtakingly beautiful novel that boasts a cerebral murder mystery and a rare look at the human impact of Japan’s colonialism in Korea. David Guterson’s *Snow Falling on Cedars* (1994) makes an excellent pairing, providing a contrasting, but also beautifully portrayed, exploration of the impact of Japan’s role in WWII.” (Booklist (starred review))

“A heart-wrenching novel with many unexpected twists.” (Sunday Times)

“A deeply touching tribute to the power of art. With stunning language?enhanced by an insightful translation, painfully resonant characters and heart-pounding suspense?Lee crafts a gripping, complex account of literature’s ability to transform and unite those it touches. Marvelous. This is a book to savor from beginning to end.” (Shelf Awareness)

“What begins as a murder mystery becomes a story of heartbreak, of poetry, of humanity triumphant. It celebrates the power of words, in expressing hope, in giving voice to frustration and longing, in lending strength. Though the work of a prolific Korean author, the prose suffers no awkwardness through translation. It glows. Highly recommended.” (Historical Novel Society)

“This effective, elaborate historical novel is from Lee, a bestseller in his native South Korea. Readers will find Lee’s novel to be a satisfying mystery supplemented by rich historical detail.” (Publishers Weekly)

“A rollicking good mystery tale. It is also a volume of poetry, with heartbreaking verses of love and loss set against the backdrop of war. *The Investigation* is nearly impossible to review in a paragraph; even a whole page wouldn’t do it justice. Read it, you’ll understand.” (BookPage)

Fukuoka Prison, 1944. Beyond the prison walls, the war rages. Inside, a man is found brutally murdered. What follows is a searing portrait of Korea before their civil war, and a testimony to the redemptive power of poetry.

Watanbe Yuichi, a young guard with a passion for reading, is ordered to investigate a murder. The victim, Sugiyama, also a guard, was feared and despised throughout the prison and inquiries have barely begun when a powerful inmate confesses. But Watanbe is unconvinced; and as he interrogates both the suspect and Yun Dong-ju, a talented Korean poet, he starts to realize that the fearsome guard was not all he appeared to be...

As Watanbe unravels Sugiyama's final months, he begins to discover what is really going on inside this dark and violent institution, which few inmates survive: a man who will stop at nothing to dig his way to freedom; a governor whose greed knows no bounds; a little girl whose kite finds an unlikely friend. And Yun Dong-ju?the poet whose works hold such beauty the can break the hardest of hearts.

As the war moves towards its devastating close and bombs rain down upon the prison, Watanbe realizes that he must find a way to protect Yun Dong-ju, no matter what it takes. As he digs further and further in to his investigation, the young guard discovers a devastating truth.

A Korean Steig Larsson

By Becky Eastwood

A page turner and a great literary achievement. I was gripped from page 1 and finished the book in 2 days. I found it to be a unusual combination of poetry and call to humanity amidst a brutal prisoner of war camp during WWII. The setting is Japanese and the protagonists are Korean prisoners of war but the story is so universal. The book reminded me of *The Shawshank Redemption* and *Gorky Park*, too. It's the story of an everyman soldier ordered to investigate a horrific murder inside the camp. The spine tingling investigation twists and turns like a Kafka novel or an Escher painting...turning inside out and in, from one clue to another until the final page and a revelation so shocking that you won't forget it. I won't spoil it. J M Lee has the intelligence, political savy and great sense of humanity. His writing reminded me of Steig Larsson in that his book is so thrilling and filled with tension while containing such complex and unforgettable characters.

He is kind of like Abraham Lincoln in the Vampire Killer novels

By Andrew

It is a challenge to convey just how profoundly awful a book is *The Investigation* by J.M. Lee. The book is pathologically saccharine. It is so over the top in its sanctimonious preaching and the preaching is so relentless and mindless that by the end of the three-hundred some-odd pages I felt as if I had been subjected

to some bizarre form of torture by Hallmark.

The book is as offensive as it is embarrassing. The author is writing about a very dark chapter of 20th century history, Japan's attempt at eradicating Korean culture, about which he has taken the time to learn almost nothing. Imagine a movie about World War II starring Robin Williams where Robin plays a prisoner interred at a concentration camp who wins over his German guards by quoting French poetry to them and convinces them to let him fly kites to cheer up the prisoners, stage Verdi and open a secret underground library where books about Nazi propaganda are re-fashioned into novels by Dickens and Tolstoy. That movie would only be a degree or two more disturbing than *The Investigation*, whose only creativity seems in the creation of a new genre: the Ahistorical Historical Novel.

The book is ostensibly about the Korean poet Yun Dong Ju, who died in a Japanese prison where he had been sent for advocating Korean independence. But the character of Yun in this novel is not based on biography or history. He is kind of like Abraham Lincoln in the Vampire Killer novels, a comic book superhero. Lee's Yun is part Buddha, part Jesus Christ with some Andy Dufrene from the *Shawshank Redemption* and Robin Williams from the *Dead Poets Society* mixed in. Anyone who claims to be inspired by this ridiculous cartoon of a real human being has not really been inspired. She or he has been duped, or is trying to dupe you.

Translation ruins the book.

By Emily

I couldn't get into this book at all. While the premise of the book is intriguing, and I bet the book is excellent in its original language, the translation made me put this book down. The language is awkward instead of fluid, uses overly simplistic vocabulary, and I think loses much of the character of the book. It's extremely unfortunate since the translator previously translated an international bestseller.
