This is straightforward, check out the soft file of guide [The Second Epistle To The Corinthians \(The New International Greek Testament Commentary\) By Murray J. Harris](#) and also you get it.

THE SECOND EPISTLE TO THE CORINTHIANS (THE NEW INTERNATIONAL GREEK TESTAMENT COMMENTARY) BY MURRAY J. HARRIS PDF

The reputation of the NIGTC series is so outstanding that the appearance of each new volume is noteworthy. This book on 2 Corinthians is no exception. Master New Testament exegete Murray J. Harris has produced a superb commentary that analyzes the Greek text verse by verse against the backdrop of Paul's tumultuous relations with his converts at Corinth.

Believing that Scripture cannot be understood theologically unless it has first been understood grammatically, Harris provides a careful, thoroughgoing reading of the text of 2 Corinthians. He gives special attention to matters of translation, making regular references not only to the standard modern English translations but also to influential older versions such as The Twentieth Century New Testament and those by Weymouth, Moffatt, and Goodspeed. His close attention to matters of textual criticism and grammar leads to discussions of the theology of 2 Corinthians that show the relevance of Paul's teaching to Christian living and church ministry.

Other notable features of the book include a comprehensive introduction in which all the relevant literary and historical issues are discussed, an expanded paraphrase of the letter that conveniently shows Harris's decisions on exegetical issues and indicates the flow of Paul's argument, a chronology of the relations of Paul, Timothy, and Titus with the Corinthian church, and an excursus on Paul's "affliction in Asia" (1:8-11) and its influence on his outlook and theology.

The Most Reliable Study of 2 Corinthians Available Today!

By Dr. Marc Axelrod

Murray Harris has already proven himself to be a capable interpreter of this book with his EBC contribution back in 1976. But this book is a much more extensive and helpful study. He has a tremendous command of

the Greek Text, and he defends the unitary character of the letter. Others have suggested that this was a hard to read commentary. Indeed, it is an academic work, steeped toward the pastor-scholar.

But it yields rich rewards for those who are willing to work their way through it. If you are preaching through 2 Corinthians and you need an exegetical commentary, this is the one to get. Also, buy David Garland's contribution for a more homiletically friendly approach.

THE EVALUATION OF THIS COMMENTARY

By BALAN VIAN

ON MY POINT OF VIEW , THIS COMM. IS BEST ON WHICH I READ (OTHERS WBC-REVELATION, NIGTC, NICNT-1 CORINTHIANS, AB-THE GOSPEL OF LUKE)

ABOUT THE INTRODUCTION: IS VERY GOOD, BUT NOT EXIST TOPICS - THE CRITICAL TEXT, RESUME OF GRAMMAR STYLE OF PAUL;

TRANSLATION IS DYNAMIC, IS ORIGINAL , MUST MAYBE MUCH FREE, LIKE PARAPHRASES FROM THE FINAL BOOK;

ABOUT THE CRITICAL NOTES: ARE OF GOOD QUALITY AND CONTENT ALL VARIANTS FROM NA 27.

COMMENTARY ITSELF IS EXHAUSTIVE (NEXT COMM. IS ICC - MARGARET THRALL), MAYBE TOO MUCH

LOADED WITH INFORMATIONS, MUST MAYBE MUCH EXCURSUS.

Solid, but not remarkable

By Ron C. Fay

Murray Harris is a solid exegete and is known for his grammatical acumen. This commentary, however, does not read like the rest of the NIGTC series (with the possible exception of Luke by IH Marshall). The NIGTC series is intentionally written toward a higher level audience, those that still know their Greek and can wade through French and German at least a little.

The work as a whole is solid, if unspectacular. Harris holds to many traditional points, and rarely comes up with new arguments for them. That being said, the best feature of this commentary by far is the introduction. He argues quite well for 2 Corinthians' unity and covers the theology of 2 Corinthians as only Victor Paul Furnish had ever done previously (with the exception of the NTT series by Cambridge).

The previous reviewer of this book said that there is a mistake moving from page 67-68 in the book, yet there is not. Page 68 begins with a list of specific grammatical or rhetorical devices used by Paul in the letter. One such device is "citation of a view, with a verb of saying expressed" (p. 68). This just happens to be the first phrase on the page, and so the previous reviewer thought it was the middle of a thought when it was actually a beginning of a list of terms, none of which are in upper case.

Occasionally this commentary read more like one from the Word series (which begins the comments with the Greek text) or the BECNT series (which muddles everything together, grammar and theology, in the comments section). Harris mixes in theology with grammar, and thus allows the reader to think that theology and grammar are determined at the same time when grammar should come first and theology second.

I definitely would recommend Thrall (ICC) and Furnish (AB) first, but Harris' volume is still solid. The bibliography is extensive and clearly Harris put a lot of work into this commentary.
