I loved the Q&A sessions

By M. Nelson

I am about to order the Kindle book. So why am I reviewing now?

I read the taster Amazon has available. And read. And read. It was longer than I thought it would be.

In a few rather short questions and answers so many avenues became more obvious to create a life more to my liking.

How many other books can offer this possibility in only about 15-20 minutes of reading?
