# UNIFORMS AND INSIGNIA OF THE GROSSDEUTSCHLAND DIVISION: VOLUME 3 BY SCOTT PRITCHETT PDF

These groundbreaking volumes present, for the first time, a comprehensive view of the World War II German Army's most elite formation: Grossdeutschland. Exceptional detail of rare uniforms and unique insignia are woven with Grossdeutschland's history and development from an independent motorized regiment in 1939 to a panzergrenadier division within a corps that adopted its name in 1944. Its two closest sister units, the "Wachbataillon Berlin" and the "Führer Begleit" Battalion are also covered in the same superb level of detail. Awards, decorations, portraits and personal effects of common soldiers and noted personalities, covering every arm of service within the units, are presented in over 4,000 spectacular color and black and white images.

A "1st class" compendium about an unique German military unit

By wilhelm steifensand

Col. Pritchett must have invested a lot of time to get together all this excellent information about a very special German military elite unit. A lot has been published about German WW II divisions, - nothing before like this! You read not only about the early history of the regiment that later grew into a much bigger size but you learn about the uniforms, the insignia, the documents and the awards won by members of the "Grossdeutschland" soldiers. There are original pictures of the time that have never been published next to really nice and detailed pictures of the actual original relicts. - Who likes to read about WW II in Europe should own these books (Vol. 1 and 2). I am very happy to own them, I learnt a lot! I have a good number of publications about German military units of all times on my book shelves, - nothing like this! Looking forward to more publications of Scott Pritchett.

setting the standard in reference material

By William C. McDaniel

The final volume in a tremendously detailed work. This series will be the benchmark for all future books on German militaria. Fine quality from binding to photos, worth every penny.

Holy Cow - What a fantastic book

By Quintin Trammell

I own a number of books on the subject and this book is unbelievable. First it is a massive book. As big as the Waffenrock book. The pictures are exceptional and clear. Some I have in other books but many I have not seen before. The book includes detailed and very clear photos of uniforms, shoulder boards, decorations and award packets, Wehrpass, Soldbuch, and personal items. The book is well worth every penny and I highly recommend you buy it immediately.
