Ebook hard to read on Kindle App

By Daniel

I bought this ebook 4 days ago. The content looks pretty good.

The main issue is that this version is not a print replica. And that's a shame. It's so hard to read on the Mac. Kindle app turned out to be very sensitive to Apple Magic Mouse. You touch the mouse and it turns the pages all the time. You need to be quite patient. It's not so good to read on the Mac Book Air as well.

It has been hard to study this way. I hope they fix it and update it to the print replica as it happened to the First Aid 2016.

Good option

By Jason Lionel Campbell

Strong book! The entire Kaplan series is great.
